

ADDRESSING

OCTOBER 9, 2012

NOW HIRING ADDRESS COORDINATOR!

<http://www.salisbury.edu/HR/Jobs/single.asp?ident=1643>

- Develop a statewide address point feature class
- Collect data from city and county-based address point files
- Manage Maryland's participation in address data collaboration pilots with United States Census Bureau and United States Post Office.
- Create a process, developed with stakeholder involvement, for keeping this statewide address point feature class up-to-date.
- Verify and correct address point discrepancies between the counties' data, parcel-based premise address information, and other supplemental datasets.

Michael S. Scott, Ph.D., GISP
Professor, Department of Geography and Geosciences
Graduate Program Director, MS in GIS Management
Director, Eastern Shore Regional GIS Cooperative
